PATRICIA CVIII is the name behind Patricia's original music and recorded sets. The work blends house, electronic, alt-R&B and global grooves, with a focus on emotionally driven, movement-based sound.

In 2025 she released her first original track, NOT_THIS_TL. Alongside it sit the After Hours live set with LNDMRKS and a run of mixes — Transmission 000 and a set for Frequent Spaces moving through house, amapiano and afro sounds.

Her story was featured by Rolling Out in 2026. Live, she performs as Patricia of Chicago; CVIII — 108 — is hidden in that logo too.
